The mentioning of deadline, due time, closing date, etc. herein means Beijing time; and NDB's business time is from 9:00AM to 5:15PM in working days.

### **3.3 Questions**

Please submit questions in writing by e-mail. Suppliers should refer to the specific RFP paragraph number and page and should quote the questioned passage. NDB will be prompt in responding to questions. All questions will be responded to as a group and sent to all suppliers.

### **3.4 Ownership of Materials**

Section 3	Technical Section
Section 4	Project Management Section
Section 5	Support Section

Volume 2 – Price Proposal – Should be separate but integral part of the proposal. The currency is **USD**; if quoting in other currencies, the exchange rate should be clearly defined. **The price shall be inclusive of applicable taxes (if not, please specify)**; and other charges shall also be clearly defined.

### **3.7 Validity Period**

The proposal including pricing quotation shall be valid at least for 90 days.

### **3.8 RFP Amendments**

New Development Bank reserves the right to amend this RFP any time prior to the closing date. Amendments will be issued only to suppliers who are going to complete a proposal.

### **3.9 Sub-contractor**

NDB expects to negotiate and sign contract with one winning supplier. NDB will accept only complete solutions from a primary supplier, and will not accept any incomplete proposals that are only cover part of the RFP. The prime supplier will be responsible for the management of all subcontractors. NDB will not accept any invoices from subcontractors or become part of any negotiations between a prime vendor and a subcontractor.

### **3.10 Award Notification**

NDB could negotiate with all shortlisted suppliers before deciding the winning supplier. And NDB reserves the right to negotiate further with the winning supplier before and in the contracting process. The award notification is sent to the winner online in the e-procurement system. NDB is not obliged to notify the bid outcome to unsuccessful suppliers.

## **4. Evaluation Criteria**

The proposals will be reviewed and evaluated by NDB's team in accordance with the related policy and guidelines, especially the six principles (Economy, Efficiency, Competition, Transparency, Value for Money, Fit for Purpose) contained in NDB's corporate procurement policy. NDB is interested in obtaining a complete solution to the requirements contained in this RFP. Proposals that meet the proposal instructions and requirements will be given a thorough and objective review. Proposals that are late, or do not comply with proposal instructions, or

take exceptions to mandatory requirements will be eliminated without further consideration. The following are the key factors that would be taken into consideration for evaluating the proposals.

#### **i. Technical Approach and Methodology or Software Solution**

Primary consideration will be given to meet the mandatory requirements as listed in this RFP.

The following are factors in the evaluation.

1. Meeting the requirements as stated in this RFP;
2. Understanding of the work to be performed;
3. Technical approach and methodology to accomplish the work;
4. Completeness and competence in addressing the scope of work.

#### **ii. Project Management**

NDB also believes that effective project management is essential for a successful implementation. Vendors will be evaluated on the completeness and responsiveness of their project management plans and the project team assigned.

As part of the project management plan, vendors must demonstrate adequate experience in developing and implementing the requested project. NDB's confidence in the vendors' ability to meet deadlines and successfully manage similar projects will be a primary consideration.

Special consideration is given to vendors who propose a detailed project plan with sufficient breakdown of tasks and steps to demonstrate a complete understanding of the project.

#### **iii. Pricing**

NDB will consider pricing as part of the evaluation criteria. **Lowest price is not essential to win;** however, large pricing differentials between vendors will be carefully examined. Price will be used as a final indicator for determining the vendor finalists when all other criteria have been normalized.

#### **iv. Presentation and Demonstration**

The results of Presentation and Demo will be evaluation factors.

#### **v. Support and Maintenance**

NDB believes the ability to perform timely support is also an important factor for the success of this project. Therefore, vendors should provide adequate information to demonstrate their capabilities to fulfill this task.
