

Request for Quotation

1. Introduction

New Development Bank (NDB) requires Data Loss Prevention (DLP) solution to identify, monitor and protect confidential data. Please feedback the quotation according to the requirements in this document.

2. Time

Please feedback this request by Dec 6th, 2019.

The minimum validity of the quotation should be one month.

The response to the RFQ should include fees for each of the requirement line item.

3. Solution Requirement

The product user interface is required in English.

- Prevent confidential data lost through email, internet suffering and software.
- Secure files of defined types or specified keywords, with fingerprint or other technologies.
- Secure in-application data transmission.
- Restrict end-users from sending sensitive files with email or online tools.
- USB and printer security restrictions.
- External network security protection in case of business trip.
- Terminal scanning.
- The solution should cover 300 end users.

4. Implementation Specifications

- DLP system architecture design and deployment.
- Customize security policy in DLP system based on NDB use cases.
- End user DLP client implementation.
- DLP system documentation and training.

5. Maintenance Specifications

- Four-hour response time and 4-hour 7*24 on-site time in case of urgent system issues during hardware maintenance period.
- Follow-up solution and proactive report of system issues to NDB.

6. Contacts
