17.   The evaluation process and decision taken by NDB will be final. NDB do not have any obligation to disclose the details or results of the evaluation.

18.   Responding to this Expression of interest does not constitute any contractual obligation and rights on the part of the vendor.

19.   NDB does not responsible for any cost incurred by the vendor towards preparing and submitting the response to the EOI.

20.   NDB reserve its rights to cancel the EOI at any stage of the process without assigning any reason and intimation.

21.   All the documents including Annexures if any are forming part of the EOI.

Annexure A

1.   Introduction

This project is planned to migrate NDB single sign on solution (SSO) to Microsoft Azure AD (AAD) Hong kong. Microsoft AAD is a leading SSO solution in the market and provide extended integration potentials with IT solutions in use in NDB.

2.   Specifications
- Migrate around 30 applications from NDB current SSO platform to Microsoft Azure AD
- Deploy global Microsoft Azure AD Radius nodes in NDB member countries
- Deploy multiple factor authentication in Microsoft Azure. Dynamic code in mobile app should be supported.
- Disaster SSO solution design and deployment
- SAML protocol develop for serval application is required.
- Mobile SSO solution design and deplyment.

3.   Maintenance Specifications
- Coordinate with IT team for running support of SSO service.
- Monitoring the single sign on service to ensure the system failure will be founded as soon as possible.
